**Evolvo 3883 AL**  
Seating for what's next

Evolvo 3883 AL is a state-of-the-art combination of performance, aesthetics and comfort. Evolvo shapes itself to suit the user's body profile with simple adjustments. Its "next generation" features include *adjustable* armrests, headrest and lumbar support. And comes with backrest of unique fabric with ventilation.

Medium back

High back

- **Height / tilt adjustable Head rest:**

The dynamic, position-sensitive headrest can be adjusted for comfort as you recline or sit upright. Contoured to cradle your neck for unmatched comfort, its height can also be easily set to fit the user.

- **Height/tilt adjustable Arm rest:**

Synchronous armrests adjust instantly with a simple, one-touch button. Movable up, down or sideways, the armrests can also be flattened completely and brought back when needed.

- **Adjustable Lumbar support (up & down, and sideways):**

The Lumbar Support pad can be adjusted both horizontally and vertically to provide cushioning in every seated position, eliminating stress to the back totally.

- **Seat pan adjustability:**

Achieved by sliding seat pan, this allows adjustment of the seat's surface area, to suit the user's body profile.

- **Airy Mesh Fabric for Upholstery:**

The Airy Upholstery mesh seat material stretches in all directions to flex with the movements of the user. It evenly distributes the user's weight, allowing for minimal pressure points and greater comfort.

- **Synchronous tilt:**

The ankle and hip pivot points mimic the body's movements. With an extended recline, it doesn't require extra force to hold its position, allowing the user to dwell in a reclined position.

Sitting for long hours strains the Lumbar discs, Shoulders, Neck, Arms and Knee. Increased multi task movement like using Computer, Phone, table etc. that requires change of positions frequently, adds to this strain. Calling for a completely flexible and ergonomic seating system that provides support while sitting upright and while changing positions as well !

## Evolvo 3883 AL. The most flexible seating system, ever.

Adjustable Seat Pan for perfect fit, any position you sit !

Versatile Armrest that sets you free !

Headrest, head and shoulders above the rest !
